

CONSTANTINE I & IX
ROYO Y IMPERAD

A.S. 304

APRIL, 2023

No.1 of 2023

An Act relating to Kinwood Races

Assented to on the 05th of April, 2023

ESCORA, 2023

BE IT ENACTED, by the Office of the Prime Minister of the Dominion of Carolusburg, with the advice and consent of the Carodian Parliament thereof, as follows:

The Proposal for the Establishment of the Kinwood Races

1. It reached the consent of the Ministry of Culture that the Dominion of Carolusburg has a great opportunity for development in the sports area. Mainly on the issue of Horse Racing. Horse Racing is one of the most popular sports among the Carodians, second only to Football. Knowing this, the Ministry of Culture formulated regulations and championships for the administration of Horse Racing, which now receive the name of The Kinwood Races in honour of 2nd Governor-General of the Dominion of Carolusburg, Theodor Kinwood.

Regulations

2. It is common knowledge that no sport can be practiced if there are no rules for its proper functioning. That said, below are the official Horse Racing rules recognized by the Ministry of Culture, by the Royal Parliament within the Dominion of Carolusburg.

- a) During a horse race, it is important to know that the national regulation of kinwood racing only allows mounts that have the appearance of a horse. That is, mounts with unrealistic appearances are not allowed during competition and may result in disqualification from a championship
- b) It is important to note that all kinwood races will be held in an open field. Therefore, during a race, if any fan interferes with the race by remaining on the competition circuit, he will be punished with a fine of 5,000 Cronas. However, if any player (non-member of the Dominion of Carolusburg, or the Imperial Sarovian Navy, or any other Sarovian institution) disturbs the race, either by shooting at the competitors, among others, the referee of the match will decree a yellow flag and the lap will restart.
- c) In addition, it is important to know that during a horse race, if the competitor leaves the mount, he will be forced to remain still and will only start running again on the next lap. This exists for the purpose of pressing the attention of competitors in the competition
- d) It is worth mentioning that there are different types of flags that the referee of the match can decree, namely: the yellow flag - which is used when there is a break in the circuit - red flag is used when there are enemies nearby, so the competitors are forced to leave the circuit and go to a safe area until the enemies leave the area (if this does not happen, the competition can be postponed in a few hours or days). Finally, the

Final Flag, where is announcing the last lap of the competition, this being the most important lap that will determine its position in the race.

- e) Horse races are held in a looping format, that is, this allows the mechanics of using flags, referees, among others

Championships

3. Recognizing the Kinwood Races regulations, the Ministry of Culture is also formulating Carodian national championships for running these races. Below is the list of championships:

- a) The most important Championship of the Dominion of Carolusburg is the Escora League, this being the most prestigious championship within the sport of horse racing. The Escora League is disputed for the 1st, 2nd and 3rd place of the competitions: Paziterra Cup and the Minolia Cup. The winner of the Escora League will receive a special award that will rightfully place him on his list of trophies, more precisely, on his resume as a carodian sportsman. In addition, the winner can also receive the prize of 40,000 Cronas. In addition, the Escora League is played every 3 months
- b) The second highest league in the Dominion of Carolusburg is the Paziterra Cup, being disputed every 1 month. This championship is very important for the classification of the competitors in the Escora League, only 3 places are allowed for the competition. The Paziterra Cup can be played by any official carodian competitor. The prize for this competition will be a trophy that the winning competitor will rightfully place it on his list of trophies, more precisely, on his resume as a carodian sportsman. In addition, you can receive the reward of 20,000 Cronas.
- c) The “easier” Championship in Carolusburg, but which is also important for ranking in the Escora League, is the Minolia Cup, being disputed every 1 month. The winner of the Minolia Cup receives the trophy of the competition that will rightfully put him on his list of trophies, more precisely, on his curriculum as a carodian sportsman. In addition, you can receive the reward of 10,000 Cronas
- d)

It is important to point out that all championship carodians follow the regulations described above and breaking them can result in various punishments.
