No.3 of 2023

An Act relating to Carolusburg Militia Reform

Assented to on the 3rd of May, 2023

ESCORA, 2023

BE IT ENACTED, by the Office of the Prime Minister of the Dominion of Carolusburg, with the advice and consent of the Carodian Parliament thereof, as follows:

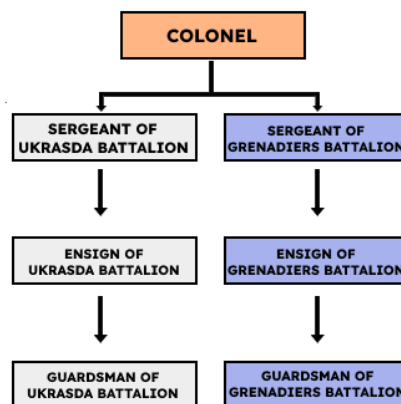

The Restructuring of the Militia

1. In recent months, the Carolusburg Militia has become an empty regiment with inactive Guards. In addition, the militia for a long time became just a place to “populate” with inactive troops

With constant attacks by Angelite rebels on the Ostos Continent, the Ministry of Defence and Militia, created this act for the purpose of reorganizing the Carolusburg militia, making its members extremely loyal to His Royal and Imperial Majesty, the King of Carolusburg and Emperor of the Sarovian Community, and His Excellency the Governor-General of the Dominion of Carolusburg (the Viceroy). This will be done through reform of positions, creation of battalions and improvement of ceremonial commands, as well as the creation of new trainings.

Militia Battalions

2. It is necessary to reform the Carolusburg Militia from an independent Autonomous Division, to simply divide between different Battalions for administrative purposes. This should implement within the Guards the feeling of respecting their superior and following a hierarchy. Therefore, below is the organisational chart of the new Militia:

The Carodian Militia Leader will be as usual the Militia Colonel. This position will be appointed by the Governor-General himself. So, the Colonel of the Carolusburg Militia will be responsible for appointing two Sergeants, these sergeants will be responsible for commanding the Ukrasda Battalion and the Grenadier Battalion. In addition to commanding the battalions, the Sergeants will be responsible for advising the Colonel in the exercise of his function. Each Sergeant will be responsible for his respective battalion, that is, he must ensure that the Militia Guards have a basic (or advanced) concept of PK, and that all guards have the Militia Uniform ([Male](#) or [Female](#)).

That said, below is the coat of arms of each battalion proposed for the Carolusburg Militia:

1st Ukrada Battalion

2nd Grenadiers Regiment

Ceremonial Function of the Militia

3. The Carolusburg Militia will remain a fighting force, but it is also necessary that she serves as a ceremonial spokesperson for both the Carodian population and as for foreigners. This is done by imposing strict regulations and appropriate, for example: proper spelling, activity, respect for superiors, among others. In addition, each Sergeant will be responsible for managing his battalion to carry out a Militia Parade, where the two battalions must present to His Excellency the Governor-General, and to the Colonel of the Militia, the parades formulated by the Sergeants of each battalion. In these parades, medals of honor and merit, promotions, among others

Elite Function of the Militia

4. The Carolusburg Militia, in addition to carrying out ceremonial training, preserves its role as a capable fighting force loyal to His Royal Majesty the King of Carolusburg and His Excellency, the Governor-General of Carolusburg. As described in the topic, the Militia

has the fundamental role of representing the elite of the Carodian people, being responsible for defending the King of Carolusburg, his family, and the Governor-General. Therefore, it is necessary that the Sergeants of each battalion help their respective members to possess a weapon for combat and train skills with it. Therefore, in a week there should be no minimum three combat drills with four or more guards present

Furthermore, the direct Defence to the persons thus cited (the King and his family, and the Governor-General), must be carried out through patrols in the residences of each one, or, even in the open field. Therefore, the Militia is responsible for not letting these people alone on the map without the slightest protection.
