

CONSTANTINE IX
ROYO Y IMPERAD

A.S. 309

SEPTEMBER, 2023

No.10 of 2023

**An Act Declaring War on the So-Called Holy Hanorian
Empire (Sacro Império de Hanor)**

Assented to on the X of X, 2023

SARHOLM, 2023

BE IT ENACTED, by the Office of the Prime Minister of the New Sarovian Empire and Her Colonies and Dominions, with the advice and consent of the Imperial Parliament thereof, as follows:

History of Tensions

1. A Lusophone nobleman by the name of Jacob served New Sarovia faithfully in 2020. When His Imperial Majesty, Constantine IX ascended the throne after Edward II abdicated, however, Jacob tried to seize more power for himself. The Sarovian Government attempted to act conciliatory at first, but Jacob left in early 2021. Ever since then he has fought time and again against the Empire.

In late 2021, Jacob launched his most notable attempt to overthrow the Empire, which is known as the Jacobite Rebellion. This almost tore New Sarovia apart - a guild that has survived uninterrupted since 2017, and began in 2016. At many times the Empire was close to being completely destroyed, through Jacob's dirty tactics. He copied our website and our YouTube videos and stole our very name - he led a guild also called New Sarovia, and claimed we were fakes.

He accused people in New Sarovia of being genuine criminals - pedophiles, doxxers, rapists, etc - none of which are true. He manipulated Sarovians and then hypocritically accused Sarovia of being the true manipulator. He used very obvious and very extreme racism against English-speaking players, including but not limited to death threats, racism against African-Americans, sexism against women), and argued that New Sarovia takes advantage of its Lusophone members. Considering said Lusophone members have been part of New Sarovia almost since the very beginning, this is fundamentally untrue.

Nevertheless, this toxicity led to more than 6 months of battles, recruitment and poaching wars, and great pain for all involved. While the war ended in defeat for Jacob over a year ago, he has since returned and built up new forces. Considering Jacob's hostile actions towards New Sarovia and her people over the past two months, the outbreak of the Second Battle of Kiev on September 10, 2023, and the subsequent fraudulent claim over the kingship of Nassau and membership in the Imperial House of Vasa by Jacob, it is clear that decisive action is required to end the Jacobite threat once and for all.

Declaration of War

1. On this day, the 12th of September, 2023, the New Sarovian Empire wishes to submit a formal declaration of war to the forces and leadership of the so-called 'Holy Hanorian Empire', also known as 'Sacro' or 'Hanor'.

It has come to the attention of His Imperial Majesty the Emperor and His Government that due to hostilities past and present, at this point in time, there is no hope for a peaceful state of existence between the New Sarovian Empire and the Jacobite forces. As such, to protect our national interests, people and beliefs, it has been deemed necessary for us to embrace the sentiment of war that exists and to employ all our forces against the Jacobites to bring this conflict to a swift, and *final*, end.

Such a resolution has been decided upon by the Cabinet and the Prime Minister, under advice from His Imperial Majesty's Defense Staff. Upon the Imperial Assent of this law, all Sarovian military and civilian assets are to be employed as necessary in hostile activity against the so-called 'Holy Hanorian Empire' and any who support it.

All Jacobites and Jacobite-affiliated persons are hereby given, as of the passage of this Act, one week to cut all ties to Jacob and his organization. One week after the passage of this Act, all remaining Jacobites and Jacobite-affiliated persons will be declared enemies of the New Sarovian Empire and her Colonies and Dominions, and will be engaged freely at will unless instructed otherwise by officers of the Imperial Sarovian Armed Forces.

Emperor of the Sarovian Commonwealth, represented

Public Works and Government Services.*
