I. PRELIMINARY

Purpose

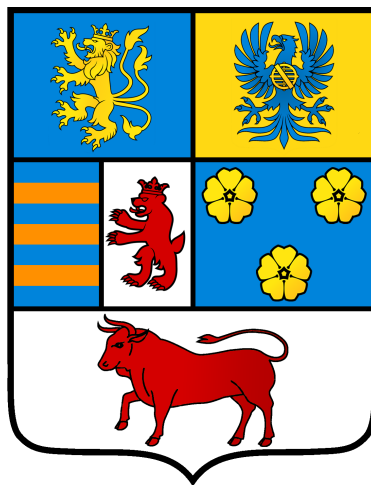

1. The purpose of this act is for the adoption of a new flag and coat of arms.

II. EXPLANATION

The Flag and Coat of Arms

2. Since the arrival of the first settlers and expeditions in Ostos, the lands of the Dominion of Carolusburg have been inhabited, conquered and fought for by various peoples over the years. Our country is made up of immigrants from diverse backgrounds and regions in search of better opportunities, and as a result we have become one of the most diverse places in the Commonwealth. The close contact between the Sarovian settlers and the Aurean people, and later the arrival of new waves of Aurean and Octavian immigrants into the country, originated a unique blend of Sarovian and Aurean cultures, which our dominion proudly displays.

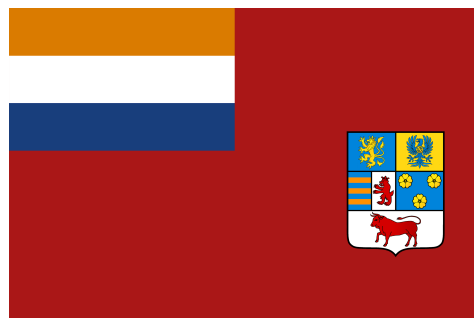

The diversity of our land has become one of our main national characteristics, and the importance is such to us that we have found the need to represent it through our national symbols. We have therefore designed a new flag and coat of arms to be used from the moment of approval of this act, representing the New Sarovian Empire and her nations in the top left and right of the shield, the early settlers in the mid-bottom left and the Aurean heritage in the mid-bottom right, and a new symbol at the bottom meant to represent our nation, the bull, associated with the stubbornness of the Carodian people which over the years have fought and given everything to succeed in holding these lands and achieve the creation and recognition of our own nation, as well as the Sarovian and Aurean flags in the greater coat of arms, the two main countries from whose peoples our citizens descend.
