**No.10 of 2023**

**An Act Relating to Exploration of New Lands**

*Assented to on the 20th of November, 2023*

SARHOLM, 2023

**B**E IT ENACTED, by the Office of the Prime Minister of the New Sarovian Empire and Her Colonies and Dominions, with the advice and consent of the Imperial Parliament thereof, as follows:

The Spirit of Exploration

1. Throughout its history Sarovia has explored many new lands. Some of these explorations lasted longer than others. But: what we know from this, is that the Sarovian people have a “spirit of exploration”. In the interest of encouraging this spirit, and also empowering the Sarovian people, and also helping to build our civilian sector, we have written this legislation.

Eligibility to be Considered a Conquistador

2. Someone who goes to a place where Sarovia does not currently have an active presence and sets up a colony with at least 15 people there will be considered a ‘Conquistador’. This means their colony will be legally recognized and incorporated into the New Sarovian Empire. Also, they will get a large amount of Saros, the exact amount to be decided by the Sarovian government.

Integration of Colonies

3. New colonies will get any infrastructure they need, such as a flag, servers or channels, consultation, and anything else the government, civil service, and military can reasonably provide. There must be a continued span of activity though. Continued activity will yield rewards, to be decided by the Sarovian government, but if it falls apart the Sarovian government must give punishments. This may include the forced disbanding of the colony if deemed necessary.
