- 1. Introduction** This statute is ordered with the purpose of protecting the New Sarovian Empire by, if the need arises, pausing the Government, dissolving the High Command Council and the option for removing all royal family members from the royalty except for the King, so he may make his own choices.
- 2. Absolutist Clauses** The King will not be advised by officers, high command or the Government, and will be left alone to make his own choices. Since this is not the usual path of New Sarovia, the Absolutist Act may be used if one of the following clauses are met:
- a) The Prince is killed, and there is no succeeding heir; or
 - b) The New Sarovian Empire is at war and nothing is happening due to internal fighting.
- 3. Government Dissolution** All members of the Vasa Family can be removed from the Government except for King Carolus. High Command meetings and input will be utterly disregarded, and the Government will be paused.
