- 1. Introduction** This statute is ordered with the purpose of protecting the New Sarovian Empire in nationwide emergencies by shutting down or seizing publically owned Sarovian businesses, news channels, and other publically run organisations. This statute has royal assent and is passed into law
- 2. Martial Law Clauses** Since the Martial Law Act of 2017 goes against many Sarovian citizen basic rights, the New Sarovian Empire has enacted conditions that must be met in order to enforce the Martial Law Act. Therefore, one of the following conditions must be met to enforce this Act.
- a) The New Sarovian Empire is under siege by terrorists, spies and saboteurs, and the original rights and freedoms of Sarovians are halting the process to remove such threats; and
  - b) The New Sarovian Empire is at war and all resources are being used elsewhere.
- 3. Martial Law Act** The Martial Law Act is the imposition of direct military control over all civilian functions of government. The Martial Law Act is enacted in response to a temporary emergency such as invasion or major disaster, or in an occupied territory. In the Martial Law Act, the New Sarovian Empire will enact curfews, suspend civil law, civil rights, and apply military law and justice to civilians.
