1. Introduction

This statute is ordered with the purpose of protecting the New Sarovian Empire by enforcing weekly tax farming in the Royal Treasuries in order to fund uniforms, gear and government buildings.

2. Purpose of Taxation

In an immediate crisis, in a time of war or revolt, revolution or terrorism, the government needs the immediate funds to defend the interests of New Sarovia. If we must call upon mercenary units of elite fighters to represent us in battle, we should have the money and funds to pay them for their work. We cannot have a good national credit if we cannot pay our people, let alone others. The Sarovian Treasury won't suffice on Victory Bonds. Within a weekend, 10k was raised, but that's only enough for one uniform. Even if we split that into 3, 9k going towards uniforms for 3 people - the government only has 1k to spend.

3. Friday Taxation

Every Friday, every soldier in the Royal Sarovian Army will farm for ten to fifteen minutes to help pay for the New Sarovian provided gear, weaponry, munitions and government buildings.
