1. Short Title

This Act may be known as *The Decency Act*.

2. Introduction

Sarovia always prides itself on being the best nation and community in existence. This usually refers to its institutions, history, military might, traditions, and innovations. It also refers to its people who have faithfully served the Crown, how they treat others, and the decorum of all members, citizens or not, in public areas. For the good and continuing health of our community, it is important that those actions which actively harm our community both morally and politically be named clearly and given a status of highest gravity.

3. Acts of Stefan

New Sarovia is guided morally by the teachings of Stefan which are protected and upheld by the Stefanic Church. These teachings we hold dear, most especially those which teach us how to be charitable towards others. We have witnessed Stefan, the just judge, as he watches from on high. Some actions are so grave and opposed to good character that even before the law has sought justice, Stefan has acted to vanquish the guilty party which has the following effects:

- a) The individual dies,
- b) The individual is exiled from all Sarovian realms for varying amounts of time up to the point of forever, or
- c) Their offenses are removed from the public record.

These punishments occur outside the purview of the court systems or the Mathiveas Code.

4. Offenses Against Stefan and Neighbor

The following offenses warrant an Act of Stefan, especially if they occur after there has been a warning by community officials:

- a) Continuous harassment or bullying of members
- b) Threatening harm of members
- c) Threatening to or actually sharing real life private information about members also called “doxxing”
- d) Posting hateful comments or images that are sexist, racist, violent, or needlessly discriminatory in some way
- e) Saying or sharing with any member content which affirms the sexualization of minors
- f) Saying or sharing sexual content in public areas or spaces where minors are present
- g) Saying or sharing comments or images that glorify self harm or suicide
- h) Saying or sharing comments or harm that are overly graphic or violent
- i) Partaking in Sarovian activities in a way that would break real world laws

**5. The
Constabulary -
Stefan's Chosen**

The Imperial Sarovian Constabulary has been looked upon with favor by Stefan and has been made into his eyes and ears in Sarovia. Therefore, an Act of Stefan only happens when the Constabulary is informed of an offense and considers if this offense is indeed grave enough to warrant heavy punishment or a warning.

**6. Amorro y
Lauterra**

It is understood by this government that Acts of Stefan are rare occurrences. Respect and integrity are natural parts of what it means to be Sarovian and so it is only when there is a wayward soul unable to understand this part of the culture of our nation that destiny takes its aim. Sarovia will always be a place where genuine community thrives because we understand the importance of love for homeland, neighbor, and Rozirre.
